

NeoForce - A New Choice Today for Your LDRP & NICU of Tomorrow

At **NeoForce** our commitment is to provide products that support efficient care processes in your newborn area of the hospital. Committed, competent and caring, we strive to create a "customer centered care environment" that is dynamic yet focused on your ever evolving needs.

- ♥ **Support** evidence based practice
- ♥ **Provide** programs to support implementation
- ♥ **Deliver** customized products and services

NEOFORCE

Labor and Delivery/Nursery

**Atom Model V-505 Infa Warmer
“The Cuddle Up”**

In the delivery room to the well baby nursery, the versatile **V-505** allows you to standardize care across all mother baby areas in your facility. Now with integrated Masimo SET® SpO₂ technology, the V-505 can be configured to offer a solution that meets today's resuscitation guidelines in one streamlined package.

Scale-Tronix 4002 NF

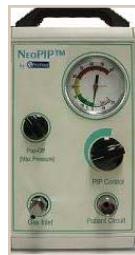

Fully-featured, custom designed infant weighing system designed for use in the Atom V-505 infant warmer. User friendly, computer enhanced digital readout; functions as an accessory shelf.

PowerVar UPM

Uninterrupted power manager supporting critical functionality for short transport within the hospital.

NeoNome™

- ♥ NeoPIP mounting available

NeoPIP™

- ♥ Infant Resuscitation Unit
- ♥ Controlled Resuscitation
- ♥ Robust Design
- ♥ Intuitive Controls

Atom Model V-505ST Infa Warmer

V-505ST is designed to provide warmth over your bassinets in L&D; the freestanding version of the versatile V-505 can now be integrated with Masimo SET® SpO₂ technology. By adding optional blended gases and suction, the V-505ST can be configured to offer a solution that meets today's resuscitation guidelines in one streamlined package.

Infant Bassinet

Transparent acrylic cot on iron or stainless frame stand with a variety of storage options.

Model BC-47 pictured.

Homewood Wooden Bassinets

NeoForce can supply a variety of Homewood wooden bassinets, constructed of oak, birch, maple or cherry and a choice of finish and hardware. The bassinets are a beautiful complement to the Atom V-505ST Infa Warmer
